Black 4608-0000

**SUNBRELLA**, the premier fabric for your awning and marine applications, now offers a 25 percent increase in water repellency with no loss of breathability. Fade-proof, stain-resistant and worry-free, Sunbrella fabric lets you accentuate your life with long-lasting style.

Black 8408-0000

**SUNBRELLA PLUS** is our traditional Sunbrella awning and marine fabric with a durable polyurethane undercoating for superior water resistance. Sunbrella Plus uses standard Sunbrella colors for easy color coordination and is ideal for horizontal applications where water resistance is essential.

Panorama Black 39008-0000

**SUNBRELLA VIEW** is a shade fabric that filters up to 93% of the sun's heat and light, keeping interior environments cool during warmer months. It brings the legendary performance guarantee of Sunbrella to roller shades, solar screens vertical blinds and more, delivering beautiful shade that lasts for years.

**SUNBRELLA® AWNING AND MARINE FABRIC 10 YEAR LIMITED WARRANTY**

This limited warranty protects the original purchaser from Sunbrella Awning and Marine fabric becoming unserviceable due to color or strength loss from normal usage and exposure conditions, including sunlight, mildew and atmospheric chemicals. The limited warranty coverage period is ten years from the date of original installation and covers full replacement of fabric only for the first seven years and is pro-rated for the remaining three years. Visit [www.sunbrella.com/warranty](http://www.sunbrella.com/warranty) for more details.

**SUNBRELLA CARE & CLEANING**

One of the best ways to keep Sunbrella fabrics looking good and to delay the need for deep or vigorous cleaning is to hose fabrics off on a monthly basis with clear water. This practice will help prevent dirt from becoming deeply embedded in the fabric and eliminate the need for more frequent vigorous cleaning. In most environments, a thorough cleaning will be needed every two to three years.

When it's time for thorough cleaning, Sunbrella fabrics can be cleaned while still on an awning frame or boat top. Simple brush off any loose dirt, hose down and clean with a mild, lukewarm soapy solution. Rinse thoroughly and allow to air dry. For detailed cleaning instructions, visit [www.sunbrella.com](http://www.sunbrella.com).

**SKIN CANCER FOUNDATION RECOMMENDATION**

The Skin Cancer Foundation recommends Sunbrella\* as an aid in the prevention of sun-induced damage to the skin. Please use shading products featuring Sunbrella as a part of your complete sun protection regimen, including regular use of sunscreen.

\* Does not apply to styles of Sunbrella that are designed for transparency, such as Sunbrella View.
