

Marine 101

From marlin towers to sail covers, the use of Sunbrella® marine fabrics is as diverse as boat owners themselves.

The elements show no mercy to a boat, which is why yours needs Sunbrella, the #1 marine fabric in the world. Fade resistant Sunbrella fabrics protect your investment from salt water and all kinds of weather. And because it's woven, Sunbrella breathes, so it doesn't trap heat and moisture like vinyl. Vinyl can mildew, but Sunbrella looks great season after season. In fact, Sunbrella fabrics are so durable we back them with the best warranty in the business. Above or below deck, Sunbrella fabrics are the smart choice for sail covers, biminis, dodgers, winch covers, cushions and much more.
