

Pillows

SAILRITE TIDBIT

Accent pillows are a great way to accentuate the style and decor of your living room, bedroom, or boat interior. They are rather quick and simple to sew and can be easily customized with zippers, piping, and buttons in varied shapes and sizes. Pillows don't require a lot of fabric and can be a great way to use scrap material.

Here are several instructional videos on making a throw pillow. This video collection begins with our standard sewn throw pillow video and includes several videos featuring a zippered closure, piping, and boxed corners. Enjoy!

CUSTOMER SPOTLIGHT

"As I mentioned the other day, while restoring my 1990 Sabre 36 sailboat, I recovered the cushions using your Sunbrella Sailcloth Sahara. We wrapped the cushions in 1" polyester batting, which helps fill out the wrinkles and makes them more comfortable. The pillows are also Sunbrella colors Captain Navy and Dupione Papaya."
