

CARE INSTRUCTIONS:

PRINTS, WOVENS & SHEERS:

DRY CLEANING INSTRUCTIONS:

- We recommend that all products be professionally dry-cleaned by a Dry Cleaning professional.
- We suggest a routine of weekly care such as lightly dusting or hand-vacuuming at low suction.
- The use of a hand-wanded steam presser can be used to remove wrinkles.
- Please take extra care not to catch or snag the fabric (especially sheers), when dusting, and especially if low suction vacuuming is used.

SPOT CLEANING INSTRUCTIONS:

- We suggest contacting a reputable cleaning service or cleaning supply house for a spot cleaning product that is suitable for your specific fabric. Any stain removal products should be applied with a spray bottles, and a clean dry white cloth. The Cleaning Instructions on the label should be followed carefully. Always test a small inconspicuous area first to prevent damage or discoloration to the fabric. PKL bears no responsibility for the cleaning product performance or results.
- Do Not machine wash

OUTDOOR FABRICS:

- Clean with mild soap and water
- Do not machine wash

SUNFORMANCE FABRICS:

- Clean with mild soap or bleach and water
- Do not machine wash
