

Equipping you to sew at home & on the water

Snap Fastener Kit (#102581)

INSTALLING CLOTH-TO-CLOTH SNAPS

1. Determine the snap location.
2. Punch a hole in the fabric with the 1/8" hole cutter.
3. Press the button **(A)** or eyelet **(B)** into the fabric hole.
4. Lay the button or eyelet on the appropriate side of the Snap Fastener Deluxe anvil.
5. Place a socket **(C)** or stud **(D)** over the rivet barrel and hit the tool's punch with a hammer until the rivet is rolled tightly.

INSTALLING SCREW STUDS

1. Pre-drill a 7/64" hole.
2. Screw stud **(E)** down tightly with a Phillips screwdriver.

INSTALLING GYPSY STUDS

1. Determine snap location.
2. Punch a hole in the fabric with the 1/8" hole cutter.
3. Press the Gypsy stud **(F)** into the hole.
4. Lay the Gypsy stud on the concave side of the Snap Fastener Deluxe anvil.
5. Place a socket **(C)** over the rivet barrel and hit the tool's punch with a hammer. Using too much force will damage the Gypsy stud.
